Re: Glenwood Lawn Section 49 Graves 10-11-12

Dear Mr. Matus:

This letter is in reply to your request for information on the interment the Haasz family.

Our records show that the Haasz Family was originally interred in the Odd Fellows Cemetery. The Odd Fellows Cemetery was located at 21<sup>st</sup> and Diamond Streets in Philadelphia. It was founded in 1849. The cemetery was vacated in 1951 and the Haasz family was removed to the above referenced graves in Lawnview Cemetery. There is a flat marker for William Haasz on grave number 11. A map of the cemetery is enclosed.

If you have any questions or need further information, please contact me at our general office at Lawnview Cemetery at the above address or phone.

Sincerely,

  
Karen Crawford  
Secretary
